A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredi-ents entering into them are printed on the bottle-wrappers and their formulas are attested under outh as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their controlling a much settler atom is used both for extending and preserving the medicinal principles used in them, via nore trains proceed used in them, viz.—pure trainer refined giverine. ferment, nutritive and soothing demulcent.

Giycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the curs of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing aliments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Romedy. This thorough course of treatment generally cures the worst cases.

DAUGBTERS OF THE CONFED-ERAOY.

Politics crept into yesterday's session of the anonal convention of the United Daughters of the Confederacy at Houston, Texas, when the preliminary skirmish for prospective new general officers began. A divergence of views devel-oped when Mrs. L. W. Kline, charman of the rules committee, submitted a rule providing for the election by ballot of all general officers when there is more than one candidate for the office. The advocates of the secret ballot were de-feated and the election will be by wiva

voce vote on the call by states.

Among those mentioned, for president general are Mrs. Virginia McSherry, of West Virginia; Mrs. John P. Hickman, of Tennessee, and Mrs. J. W. Falson, of North Osrolins.

A change in the by-laws was made giving the state of Illinois three votes instead of two in the coevention, thus making the full voting strength of the convention 1,304.

A meeting of the Arlington Monument Association was held. The reports sub-mitted show nearly \$15,000 in the hands of the association, which is charged with the building of the monument to the Confederate dead on Sniloh battlefield. Great enthusiasm was aroused when the president general told the story of a personal visit to President Roosevelt and the ples made in the name of the Daughters of the Confederacy that caused the name of Jefferson Davis to be restored to the Cabia John Bridge.

WILL HOLD CONSISTORY. While the pope only recently seemed determined not to have a consistory until 1910, it is now suddenly annonnced that one will be held about the middle of December and another next spring. It is added that the reason for holding two consistories is for the purpose of sppointing as cardinals in the

second consistory certain prelates who cannot be included in the fight. Strict secreey is being maintained re-garding the names of those whom it is intended to clevate, but it is known that Mgr. Mendes Bello, patriarch of Lisbon, will receive the red bat in December, and it is believed that Mgr. Bisleti, papal majordomo, will be ele-

vated in the spring.

Regarding the appointment of a new American cardinal, Archbishop Farley, of New York; Archbishop Ireland, of St. Pau', Minn., and Archbishop O'Connell, of Biston, are considered the most likely candidates, while it is reported also that an American cardinal may be

named as a member of the Curis, and, therefore, will live in Rome.
